

## OFFER DETAILS

|                     |                            |
|---------------------|----------------------------|
| Stock-No.           | 03303                      |
| Type of machine     | Bevel Gear Testing Machine |
| Make                | KLINGELNBERG-OERLIKON      |
| Type                | T60 A                      |
| Year of manufacture | 2007                       |
| Type of control     | CNC                        |
| Location            | warehouse Hilden           |
| Country of origin   | Germany                    |
| Delivery time       | to be agreed upon          |
| Freight basis       | ex stock                   |
| Price               | on request                 |

## TECHNICAL DETAILS

|                                |                     |
|--------------------------------|---------------------|
| max. wheel diameter            | 500 mm              |
| Hypoid adjustment              | ±70 mm              |
| axial cross angle              | 90 °                |
| Distance Y-                    | 150 - 350 mm        |
| Distance Z-axis                | 120 - 340 mm        |
| turning speed range - stepless | 0 - 5000 U/min      |
| max. torque on the spindle     | 57 Nm               |
| Cone                           | 99,2 mm             |
| Pull-in force Tool clamping    | 23000 N             |
| Braking torque max.            | 93 Nm               |
| total connected load           | 20 kVA              |
| total power requirement        | 15 kW               |
| weight of the machine ca.      | 6 t                 |
| dimensions of the machine ca.  | 2,35 x 2,24 x 2,5 m |
